## A MESSAGE FROM THE CHAIRMAN

Shaw and Partners Management and staff view our commitment to strengthening communities through financial support, volunteering and skills sharing as part of our responsibility to our clients and the broader community within which we operate.

The Shaw and Partners Foundation continues to develop and grow its impact in the not-for-profit sector. Since its inception in late 2015, we have donated over \$650,000 to a range of charities which perpetuate tangible change in the areas of mental health, education and social inclusion.

This year the Foundation and our staff contributed close to \$370,000 in donations, raising funds for 25 Australian-based charitable operations, as well as recording many hours of voluntary community service. These charities included (but are not limited to); Huntington's NSW, JDRF, Jeans for Genes, Schools Plus, Lifehouse, Youth InSearch, Fight MND, Sir David Martin Foundation, MS, Starlight Children's Foundation, Cancer Council and Cure Brain Cancer.

The highlight of the Foundation's activities was the second Shaw and Partners Foundation Institutional Day, through which we raised over \$240,000 (more than double the amount of the previous year). These funds were donated to charities supported by The Australian Stockbrokers Foundation and the Australian Fund Manager Foundation; including Bear Cottage, Odyssey House, the Sydney Children's Hospital and the Matthew Talbot Hostel.

Over the course of FY18, our focus will remain on supporting the worthy charities that attract minimal, if any assistance from the government and without our support are not able to generate significant fundraising income of their own. The Shaw and Partners Foundation will continue to adopt a long term view to corporate philanthropy by broadening the horizons of those less fortunate in our community.

On behalf of the Committee, I want to extend my thanks to Simon Martin for his service to the Foundation as the inaugural Chairman. Simon has laid some very solid foundations upon which we will continue to evolve and grow.

Finally, I would like to thank all Shaw staff and Executives, who give so generously each month to our Foundation. Without this generosity it would not be possible to make such a positive contribution to people's lives.

Cam Duncan, Foundation Chairman

### Walk4BrainCancer Centennial Park

On a warm Sunday morning in November 2016, a team from Shaw and Partners participated in the Walk4BrainCancer fundraising event. The 'M Team', nicknamed in honour of Cam's daughter Margot who was bravely fighting an aggressive type of brain cancer at the time, completed the 5km walk raising over \$28,000 of their \$30,000 fundraising target. The Shaw and Partners Foundation was delighted to donate a further \$5,000.

### Battle of the Biceps

On Thursday 16th of February 2017, champion national swimmers Alston Jeroff and Spencer White, went head to head in the pool in the clash of Client Services Sydney – Battle of the Biceps.

The two men swam 50m butterfly and 50m breaststroke, with a length of freestyle to be the decider should the two men take out one race each. It was all in the name of good fun and the boys raised \$1,496 for charity, from the generosity of the Sydney office alone!

This was generously matched dollar for dollar by the Shaw and Partners Foundation, amounting to a total of \$2,992 for Cancer Australia.

### Shake It Up Australia Foundation

Shaw and Partners was proud to become a Silver Sponsor of 'Shake It Up' Australia Foundation, which funds research into Parkinson's Disease and aims to find better treatments and ultimately, a cure. Shaw and Partners Advisers Tony Doyle and Carsten Huebner personally donated \$1,250 towards the Silver Sponsorship. Shaw and Partners matched their donation to total \$2,500.

### Rainbow Club, Malabar Magic Swim

Several keen Shaw and Partners swimmers participated in the Rainbow Club's annual Malabar Magic Swim on February 19th 2017. The 2.4km ocean swim took place on Malabar Beach, raising money for The Rainbow Club which provides a place for disabled children to meet and learn essential skills such as water safety and swimming, whilst

providing a place for parents to come together and find support. A formidable ocean swell made the swim even tougher, but Team Shaw performed very well with several swimmers placing in their respective divisions.

## NSW Cancer Council, Australia's Biggest Morning Tea

Heather Wilson was once again the driving force behind the annual Australia's Biggest Morning Tea which was held on Friday 2nd of June 2017. Shaw and Partners employees and advisers in Sydney and Melbourne were encouraged to consume large amounts of delicious food – mainly cakes, biscuits and brownies, all in the name of charity! A gold coin donation was the price of entry to the feast.

Generosity reigned with \$1,156 of donations being matched by the Shaw and Partners Foundation, resulting in a final donation of \$2,312 to the NSW Cancer Council.

## Institutional Foundation Day

Remaining committed to its engaged approach to philanthropy, Shaw and Partners' second Foundation Institutional Day raised \$241,983. The inaugural Foundation Institutional Day initiative was launched in 2016, with Shaw and Partners pledging to donate all brokerage generated through institutional trades (on

a nominated day) to charity. In 2016 more than \$110,000 was raised for JDRF and BeyondBlue.

In 2017 the fundraising target was set at \$150,000, and was exceeded by just shy of \$100,000. All proceeds were donated to the Australian Stockbrokers Foundation and the Australian Fund Manager Foundation; which together support a plethora of smaller charities including Sydney Children's Hospital, Lou's Place Women's Refuge, Odyssey House, Mission Australia and Second Bite.

Shaw and Partners Co-CEO, Earl Evans said the decision to donate to the Australian Stockbrokers and Fund Managers' Foundations was a way of unifying the industry.

"While our people are very active in fundraising throughout the year, this has become our biggest event and the one in which we aim to raise the most funds across our offices nationally" Mr Evans said.

"Institutional fundraising days, like this, help us to use the wealth in our industry imaginatively and constructively and to instil and perpetuate real change in the communities in which we work".

"Corporate organisations have a social responsibility to give back to the communities they work in. Our people are very proud of our Foundation and what it does for the community" he added.
